Self-reflection after being a serial monogamist

- 01 It's ok to expect the relationship to last forever.
- 02 Chances of getting STI are lower.
- 03 Don't need to listen to your own thoughts.
- 04 You can always find excuses for your own mistakes.
- 05 Humans are not supposed to be alone.
- 06 The notion of being single is totally overrated.
- 07 Who is gonna share your rent?
- 08 What if your roommate is also a serial monogamist?
- 09 Staying at your bf's apartment on the weekend is like having a staycation.
- 10 You forget how great it is to be dependent if you are too independent.
